

WE SUPPORT THE QUEENSLAND **2032** OLYMPICS AND PARALYMPICS BID

Media Statement

20 December 2019

Business invited to display support for Queensland's 2032 Olympics and Paralympics bid

Queensland businesses are being invited to publicly display their support for Queensland's bid for the 2032 Olympic and Paralympic Games by adopting a "supporters badge".

The Committee For Brisbane has developed a "We support the Queensland 2032 Olympics and Paralympics bid" digital badge for members that want to make a public statement about their support.

Chief Executive Officer Barton Green said the Committee would be pleased to make the badge available for any other businesses that wanted to use it on websites, email signatures, letterhead or elsewhere. Portrait and landscape versions of the badge, in colour and black and white, are available.

"The Committee For Brisbane is a strong supporter of the 2032 bid and we wanted to give our members the opportunity to show their support in a very visible way," Mr Green said.

"Our support for a 2032 Olympics bid is not just for the honour of hosting the world's premier sporting event, but particularly for the catalytic and transformational infrastructure projects that a successful bid should trigger."

Mr Green said the "supporters badge" was available via the Committee For Brisbane website: <https://committeeforbrisbane.org.au/about-us/badge-request/>

"Supporting a 2032 Olympics and Paralympics is a key part of our role to promote the region and to achieve sustainable economic and lifestyle benefits for businesses and communities," Mr Green said.
