

Friends of the Committee

"Brisbane. The world's most liveable place."

The Committee for Brisbane brings together the voices of Brisbane, drawing our membership from many of the diverse organisations and institutions who are invested in the future of the city-region.

We appreciate that signing up to become a member of any organisation requires an ongoing commitment of time, energy and financial resources.

Our new 'Friends of the Committee' network provides an accessible entry point for those who share an interest in the long-term success of the Brisbane city-region and seek to remain connected to our advocacy, but may not have the time, resources or organisational support available to commit to a full membership.

Friends of the Committee seeks to build a community around the Committee's advocacy, ensuring a broad range of voices continue to be heard and represented.

Benefits of signing up as a Friend of the Committee include:

- A sense of shared purpose with others who care about the city
- Ability to identify as a 'Friend of the Committee' in a professional or civic context
- Listing of your name on the dedicated 'Friends of the Committee' page on our website
- Regular updates on Committee priorities, advocacy positions, and key city-shaping issues
- Invitations to select briefings, webinars, or open events
- Access to published reports, submissions and discussion papers
- Opportunities to contribute to surveys, consultations and feedback processes
- A channel for community sentiment that complements member views
- Opportunities to engage more deeply over time, depending on interest and role
- Alignment with a recognised and respected organisation focused on Brisbane's future

Reflecting its role as an accessible pathway, Friends of the Committee offers a lighter-touch form of engagement, with participation opportunities provided from time to time by the Committee in line with our broader focus.
